NOTICE OF APPARENT LIABILITY FOR FORFEITURE**

Adopted: December 1, 2011

Released: December 1, 2011

By the Chief, Audio Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (“Bureau”) has before it the captioned applications of Hope Broadcasting, Inc. (the “Licensee”), for renewal of its license for Station WFGN(AM), Gaffney, South Carolina (the “Station”). In this *Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture* (“NAL”) issued pursuant to Sections 309(k) and 503(b) of the Communications Act of 1934, as amended (the “Act”), and Section 1.80 of the Commission’s Rules (the “Rules”),¹ by authority delegated to the Bureau under Section 0.283 of the Rules,² we find that the Licensee apparently willfully and repeatedly violated Section 73.3539 of the Rules,³ by failing to file timely license renewal applications for the Station, and apparently willfully and repeatedly violated Section 301 of the Act,⁴ by engaging in unauthorized operation of the Station after its authorization had expired. Based upon our review of the facts and circumstances before us, we conclude that the Licensee is apparently liable for a monetary forfeiture in the amount of ten thousand dollars (\$10,000). For the reasons stated herein, we also grant the Station’s May 25, 2011, license renewal application.⁵

II. BACKGROUND

2. Section 73.3539(a) of the Rules requires that applications for renewal of license for broadcast stations must be filed “not later than the first day of the fourth full calendar month prior to the

³ See 47 C.F.R. § 73.3539.

⁴ See 47 U.S.C. § 301.

⁵ Pursuant to 47 C.F.R. § 73.3516(e)(1), if a license renewal application is not timely filed as prescribed in Section 73.3539, the deadline for filing petitions to deny is the 90th day after release of a *Public Notice* announcing the acceptance of the application. The Station’s September 2, 2011, license renewal application was accepted for filing on September 8, 2011. See *Broadcast Applications*, Public Notice, Report No. 27567 (Sep. 8, 2011). We will complete the processing of that application after the petition period expires on December 8, 2011.

expiration date of the license sought to be renewed.⁶ An application for renewal of WFGN(AM)'s license for the preceding license term should have been filed by August 1, 2003. No such application was filed, and the Station's license expired on December 1, 2003. Accordingly, on May 10, 2011, the staff wrote to the Licensee, indicating that the Station's license had expired and that: (1) all authority to operate the Station was terminated; and (2) the Station's call letters had been deleted from the Commission's data base. The Licensee was advised that any operation of the Station was then unauthorized and must cease immediately.⁷ Upon receipt of the *License Expiration Letter*, the Licensee tendered a license renewal application for the Station on May 25, 2011. Subsequently, on June 1, 2011, Licensee filed a request for Special Temporary Authority to continue Station operations pending consideration of the license renewal application.⁸ The staff granted the STA Request on June 9, 2011, and it is due to expire on December 9, 2011.⁹ In the STA Request, the Licensee stated that its failure to file a timely renewal application for the Station was an oversight, as it did not realize that the Station's license had expired.

3. Additionally, a supplemental renewal application was due for the Station by August 1, 2011.¹⁰ Licensee did not file such an application until September 2, 2011.

III. DISCUSSION

4 *Proposed Forfeiture.* In this case, the Licensee twice has failed to file a timely license renewal application for Station WFGN(AM), as required by Section 73.3539(a) of the Rules. Moreover, Licensee violated Section 301 of the Act by continuing operating the Station for more than seven years after the license had expired on December 1, 2003, before filing the appropriate renewal application and seeking STA to so operate. Licensees are obligated to comply fully with the Rules and the Act, including filing timely renewal applications and maintaining in effect the station's authorization.¹¹ Here, the Licensee did not do so.

5. This *NAL* is issued pursuant to Section 503(b)(1)(B) of the Act. Under that provision, any person who is determined by the Commission to have failed willfully or repeatedly to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.¹² Section 312(f)(1) of the Act defines willful as "the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.¹³ The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both

Sections 312 and 503(b) of the Act,¹⁴ and the Commission has so interpreted the term in the Section 503(b) context.¹⁵ Section 312(f)(2) of the Act provides that “[t]he term ‘repeated,’ when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day.”¹⁶

6. The Commission's *Forfeiture Policy Statement* and Section 1.80(b)(4) of the Rules establish a base forfeiture amount of \$3,000 for the failure to file a required form.¹⁷ The guidelines also specify a base forfeiture amount of \$10,000 for construction and/or operation without an instrument of authorization for the service.¹⁸ In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in Section 503(b)(2)(D) of the Act, including “the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”¹⁹

7. In this case, the Licensee twice failed to file a timely renewal application for the Station and continued Station operations for more than seven years after its license had expired on December 1, 2003, before filing the appropriate renewal application and STA Request. Moreover, although Licensee claims that the failure to file a timely renewal application for the Station was unintentional, the Commission has held that violations resulting from inadvertent error or failure to become familiar with the FCC's requirements are willful violations.²⁰ Nevertheless, because it had previously been licensed to operate the Station, the latter transgression is not comparable to “pirate” wireless operations, which typically have been subject to forfeitures of approximately \$10,000. Taking into consideration these facts and all of the factors required by Section 503(b)(2)(D) of the Act and the *Forfeiture Policy Statement*, we propose a forfeiture for the full \$3,000 amount for each failure to file a timely renewal application, but reduce the proposed forfeiture for the unauthorized operation from the \$10,000 base amount to \$4,000.²¹ Thus, we propose a forfeiture in the total amount of \$10,000.²²

8. *License Renewal Application.* In evaluating an application for license renewal, the Commission's decision is governed by Section 309(k) of the Act.²³ That section provides that if, upon consideration of the application and pleadings, we find that (1) the station has served the public interest, convenience, and necessity; (2) there have been no serious violations of the Act or the Rules; and (3) there have been no other violations which, taken together, constitute a pattern of abuse, we are to grant the renewal application.²⁴ If, however, the licensee fails to meet that standard, the Commission may deny the application – after notice and opportunity for a hearing under Section 309(e) of the Act – or grant the application “on terms and conditions that are appropriate, including a renewal for a term less than the maximum otherwise permitted.”²⁵

9. We find that the Licensee's violations of Section 73.3539 of the Rules and Section 301 of the Act do not constitute “serious violations” warranting designation for evidentiary hearing. Moreover, we find no evidence of violations that, when considered together, constitute a pattern of abuse.²⁶ Further, we find that the Station served the public interest, convenience, and necessity during the subject license term, and we will grant the captioned May 25, 2011, license renewal application.
